

Walmart Business: Marketplace Seller Overview

Walmart Business (<https://business.walmart.com>) is Walmart's B2B website. Walmart Business is designed to help businesses and organizations save time, money and hassle so they can focus on their missions.

Walmart Business is inviting select Marketplace Sellers, on an invite only basis, to have item offers displayed on Walmart Business (business.walmart.com). By choosing to participate in Walmart Business as a Seller, you are committing to adhere to any specific guidelines outlined herein and in accordance with all terms and conditions set forth in the Comprehensive Marketplace Program Retailer Agreement ("Agreement"), which is incorporated here by this reference.

Performance. You must adhere to the same performance standards of the Walmart Marketplace as outlined [here](#). All requirements related to returns, labeling or any other obligations will be consistent with the requirements of the Walmart Marketplace.

Walmart Business orders will appear the same as your Walmart.com Marketplace orders. At this time, you will not be able to differentiate which orders are generated on business.walmart.com and which are generated on www.walmart.com.

Nomination or Removal of Products. Walmart Business will initially manually curate the products that are made available for sale on Walmart Business. Should you wish to nominate an additional item for sale, please contact your Walmart Strategic Account Manager. Should you wish to remove a product from sale on Walmart Business, you can unpublish the item offer from Walmart.com, which will automatically remove the item offer from Walmart Business. Should you wish to keep an item published for sale on Walmart.com but remove it from Walmart Business, please contact your Walmart Strategic Account Manager to discuss options. We are developing tools to automate this process in the future. Walmart Business, at its sole discretion, determines which item offers from which sellers will be displayed on Walmart Business.

Removal from Walmart Business. Walmart Business reserves the right to remove any Seller and/or any item offer from the Walmart Business site (business.walmart.com) at any time, in its sole discretion.

Walmart Business may modify, suspend, create additional, or discontinue these Guidelines, and any other details related to Walmart Business at any time in its sole discretion. Your continued participation on Walmart Business constitutes acceptance of such changes. If you do not agree to any changes, please cease use of Walmart Business, including your participation of offering items on the site. You should contact your Walmart Strategic Account Manager if you wish to cease use of Walmart Business.

For additional questions, please reach out to your Walmart Strategic Account Manager.
